Forecast for Friday 28 Aug 2020

Weather: Overnight rain clears south through the early hours. Largely dry by dawn. Then a bright day with sunny spells. A few isolated showers over the northern Aberdeenshire hills, but mostly dry. Feeling cool in the wind. Showers turning a bit more frequent across Aberdeenshire late evening, but dry further south.

Chance of cloud free mountain/hill tops above 800m: 80%, areas of broken cloud above 700m across Aberdeenshire, mainly north of Deeside early morning, but more widespread late evening, otherwise above the summits.

Visibility: Very good outside of any low cloud early morning and late evening.

Met Office Aberdeen Meteorologist's View
Feeling unseasonably cold where exposed to fresh to strong northerly winds.

Forecast for Saturday 29 Aug 2020
Weather: A bright but chilly day, especially in the wind. Some sunny spells, mainly in the south. Dry for most, but a few well scattered showers are likely over the Aberdeenshire hills. Dry with clear spells overnight, cold in sheltered glens.

Maximum wind: North 25-30 gusting 35 mph, easing to 15-20 mph in the evening.

Chance of cloud free mountain/hill tops above 800m: 80-90%, perhaps some patchy cloud near the summits across Aberdeenshire early morning, otherwise cloud above the summits.

Visibility: Very good.

Temperature: **Glens:** Plus 4 Celsius rising to 11 Celsius
At 800m: Plus 3 Celsius rising to 5 Celsius during the afternoon.
Freezing level: Just above the summits.
